Brief History of Mifflin County

Written with the assistance of the Mifflin County Historical Society.

Mifflin County was first visited by English traders in 1731. Lewistown, the County seat, was originally the site of Ohesson, a large Indian Village. Arthur Buchanan founded the first English settlement in the area in 1754. The following year, Fort Granville was erected to protect the growing number of settlers from Indian attacks. Fort Granville was later destroyed during the French and Indian War.

Mifflin County was incorporated from parts of Cumberland and Northumberland Counties in 1789. The new county was named for Thomas Mifflin, a Revolutionary War hero and a national patriot, who was Governor of the Commonwealth from 1788 to 1799.

The end of the colonial period ushered in the start of Mifflin County's transportation era. The turnpike connection from Harrisburg to Pittsburgh was completed in 1817, paving the way for industrialization. By 1830 the county population had doubled and the area was home to industries that manufactured wool, bricks, gun barrels, and newspaper.

In 1829, the Pennsylvania Canal was finished as far as Lewistown, which then became the shipping center for Mifflin and Centre Counties. Businesses directly related to this growth used locally produced iron, including the Logan Foundry (1842) and Hope Iron Furnace (1830), both stove manufacturers and the Duncan Iron Furnace (later Glamorgan) in 1846. With the arrival of the railroad in Mifflin County in 1849, use of the Canal began to decline until it closed as a result of destruction by the Johnstown Flood in 1889.

For more than 50 years, American Viscose Corporation reigned as the largest textile company in the county, at one time employing more than 5,000 local residents. American Viscose Corporation built Juniata Terrace in the 1920s to house its employees. In June of 1972, hurricane Agnes hit the area, causing a major flood. The flooding affected many residents and businesses, severely damaging many structures. Lewistown was named an All American City in 1973 for its ambitious efforts toward recovery.

On September 19, 1989, Mifflin County celebrated its Bicentennial. Currently, approximately 46,000 residents live in the county with the hospital, school district, steel industry, medical ultrasound, and adult hygiene and baby products as the major employers.

Coroner
(P) (717) 242-4591
(F) (717) 242-4592

Mission

The coroner investigates the facts and circumstances concerning a wide variety of deaths that appear to have happened within the County, regardless of where the cause thereof may have occurred. The purpose of the investigation shall be to determine the cause of any such death and to determine whether or not there is sufficient reason for the coroner to believe that any such death may have resulted from criminal acts or criminal neglect of persons other than the deceased. The coroner is an elected official.

Jurisdiction

The Coroner's Office is mandated by the Commonwealth of Pennsylvania to investigate and determine the cause and manner of death. These include cases of homicide, suicide, accidental and all natural deaths that are sudden, unexpected or medically unattended. Accordingly, the cause and manner of death are determined by means of investigation, toxicology and post mortem examination (autopsy), and the death certificate is then issued based on those findings.

The autopsy is vital in the determination of a definitive cause and manner of death. Autopsy objections from the next of kin are considered only after an autopsy waiver is signed at the Coroner's Office. The autopsy waiver in itself does not preclude the autopsy. Without this critical and often necessary procedure, it is more difficult for the Coroner's Office to accurately determine a cause and manner of death.

In 1990, legislation was added to the county code requiring coroners to investigate "deaths of persons whose bodies are to be cremated, donated, buried at sea or otherwise disposed of as to be thereafter unavailable for examination". It is the funeral director's responsibility to contact the coroner for appropriate authorization when final disposition is cremation, donation, burial at sea, etc.

(P) (717) 242-3372
(F) (717) 248-7780

The Crime Victim Services program was established to identify and protect crime victims' and witnesses' rights by ensuring that victims are treated with dignity, compassion, and respect during criminal proceedings. Crime Victim Services works with the District Attorney to inform victims of the criminal justice process, provide emotional support during court proceedings, assist in obtaining reparations for economic loss (restitution), and keep them notified of the status and final disposition of their case. A referral system directs the victim to other community resources and social service agencies for additional help.

The Crime Victim Compensation Board, a state agency, reimburses crime victims for out-of-pocket expenses (medical, counseling, earnings loss, support loss, funeral/burial costs, forensic rape exams, crime scene clean up and relocation expenses). Crime Victim Services assists victims applying for compensation. Emergency awards can be paid if undue hardships arise due to the crime. Victims are responsible for getting the required documentation for claims to the Crime Victim Services office or the Crime Victim's Compensation office. Crime Victim's Compensation is the payer of last resort and does not compensate victims for property crimes.
